THIS OFFICE ACTION IS IN RESPONSE TO APPLICANT'S AMENDMENT FILED 4/30/2007.

Status of Claims

Claims 1 and 7 were amended.

• Claims 1-9 are pending.

Response to Arguments

[1] Applicant's amendment filed 4/30/2007 regarding rejections under 35 U.S.C. 102 and

U.S.C. 103 have been fully considered. Due to the amendment to the claims, the prior art fails to

further anticipate. Accordingly, the Examiner has withdrawn all previous rejections over

Thompson.

Allowable Subject Matter

[2] Claims 1-9 are allowed.

Reasons for Allowance

[3] The following is an examiner's statement of reasons for allowance. This application has

been reviewed by the examiner and meets all formal and substantive (i.e., statutory) requirements

and the language of the claims is enabled by, and finds adequate descriptive supported in the

application disclosure as originally filed.

The primary reason for the allowance of the claims is the presence of limitations in the

independent claims, which are not found in the prior art references. The examiner believes that

the record of the prosecution as a whole makes clear his reasons for allowing a claim or claims.

However, the examiner would like to point out one or more specific reasons and/or limitations

that the prior art fails to disclose and/or make obvious. Hence, the prior art fails to disclose of

circumference of said wall, proximate the middle of the bezel; a stone mounted within said bezel and in contact with a seat; and a band having first and second ends; said first end attached to the lower portion of the bezel; with said second end having a hook at its end, said hook having an opening sized to receive the recessed section of said bezel, clasping the two portions of the band together.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee, and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
